**Subject:** Software Developer Position

To the hiring manager at Belmexthai,

I am writing to apply for the Software Developer position posted on JobThai. I believe I have the education and qualifications you are looking for and would be an asset to your team.

As you can see from my attached resume, I have a certificate in Computer Science and experience working on computers. I am highly motivated and enjoy working collaboratively with others. I am also eager to gain new skills and further develop my programming knowledge. Belmexthai is a well-respected company, which I feel could teach me a lot and help me further develop my abilities. Additionally, I have a flexible schedule and am available to work whenever you need me.

Thank you for taking the time to consider my application. I will follow up next week with another email. I look forward to meeting you and discussing this opportunity.

Sincerely,

Supharak Sutthong
